## LAND AND TAX DEPARTMENT

E. A. QUINN  
GENERAL LAND AND  
TAX AGENT

BUTTE, MONTANA 59701

May 4, 1964

Mr. T. D. Gebhart, President  
Anaconda Aluminum Company  
1430 South 13th Street  
Louisville, Kentucky

Dear Mr. Gebhart:

Enclosed are the first two pages of a deed from Anaconda Aluminum Company to Eldon Clare, conveying certain land in Columbia Falls, Montana. Will you please substitute these two sheets on the copy of the deed now in your files.

The changing of these two sheets is due to an error caused by a misunderstanding as to the amount of ground actually to be conveyed to Mr. Clare when the first deed was prepared. After the deed was delivered to Mr. Clare, and the ground was re-surveyed by Mr. Clare, he discovered that the description on the first deed did not come down to the south boundary of the Southwest one-quarter of the Northwest one-quarter (SW $\frac{1}{4}$ NW $\frac{1}{4}$ ), Section Seventeen (17), Township Thirty (30) North, Range Twenty (20) West, which was the intention of Mr. Smith to convey and also Mr. Clare's understanding to be conveyed, thus the amended description.

I have also enclosed the corrected map and that portion outlined in blue is the additional ground included in this corrected description.

Very truly yours,

  
BERNARD P. HARRINGTON
